

Welcome to RefRanking

This season, the WIAA will be using RefRanking as the tool for basketball and wrestling coaches to rank officials in lieu of the existing ranking tool that has been used over the past several years. Therefore, we need coaches to get familiar with the ranking process prior to the season starting. Here's what you need to do:

If you do not know your password, click the "Forgot Password" button and it will be emailed to you. RefRanking must have a current email address for you in order to gain access. If the "Forgot Password" function sends you a blank password, you must contact us so we can match you with your school or license number.

After logging in, you will be taken to your sport home page. To rank officials, click on the Rank Officials/View Schedule link. You will see your schedule, where you can simply rank each official that has worked for you. There is a 3 day waiting period for each event, but other than that single restriction, you can rank officials throughout the season as you see them. Taking care of your rankings as you go will leave you much less to do at the end of the season.
